

Character And Object Sheets

Locked consistency references. Generate each character and recurring object separately before scene production.

Temporary Chat preferred

maya | Maya

CHILD CHARACTER

small curious girl around 7 years old; dark bobbed hair with a tiny side clip; teal shirt under a bright orange utility vest; navy shorts, white socks, simple sneakers; expressive eyebrows and determined smile

SHEET PROMPT NOTES

Show Maya front, side, three-quarter, full body, and close-up face. Include the orange vest and teal shirt in every pose.

alex_adult | Engineer Alex

ADULT MENTOR CHARACTER

kind adult engineer; navy work shirt with rolled sleeves; neon yellow safety vest; short dark hair, calm smile; carries a digital pen or caliper

SHEET PROMPT NOTES

Show Alex as a warm mentor, never taking over the build from Maya.

fixed_robot | Nova the Tiny Robot

SMALL ROBOT CHARACTER

small rounded silver robot; teal circular eyes; tiny antenna with glowing dot; soft rubber feet; friendly face panel

SHEET PROMPT NOTES

Show Nova front, side, walking pose, and happy pose. Keep the scale smaller than Maya's knee.

blueprint | Tiny Bridge Blueprint

CONSISTENT OBJECT

blue paper with white bridge lines; simple triangle truss sketch; rounded child-safe edges; small Orbit City stamp

SHEET PROMPT NOTES

Make the triangle bridge diagram clear and repeatable.

caliper | Brass Caliper

CONSISTENT OBJECT

small brass caliper; rounded child-safe tips; warm polished metal; visible measuring arc

SHEET PROMPT NOTES

The caliper is Alex's mentor object and should look friendly, not sharp.

logic_kit | Logic Kit

CONSISTENT OBJECT

orange tool kit box; foam slots for blocks, string, gears, and bolts; tiny blue label that reads LOGIC KIT only when text is allowed; rounded child-safe pieces

SHEET PROMPT NOTES

Show the kit closed, open, and with bridge pieces laid out.

workbench | Alex's Workbench

CONSISTENT OBJECT

warm wooden workbench; soft lamp glow; safe gears and toy-sized parts; blueprints pinned behind it

SHEET PROMPT NOTES

Use this as the recurring location anchor.
