Page 1 | Scene 1 | The Roof That Forgot the Wind - High above the city Zoya

Story Slice

High above the city, Zoya found the roof garden still and dim.

Assets

zoya_kid, roof_planters, solar_battery

Visual Beat

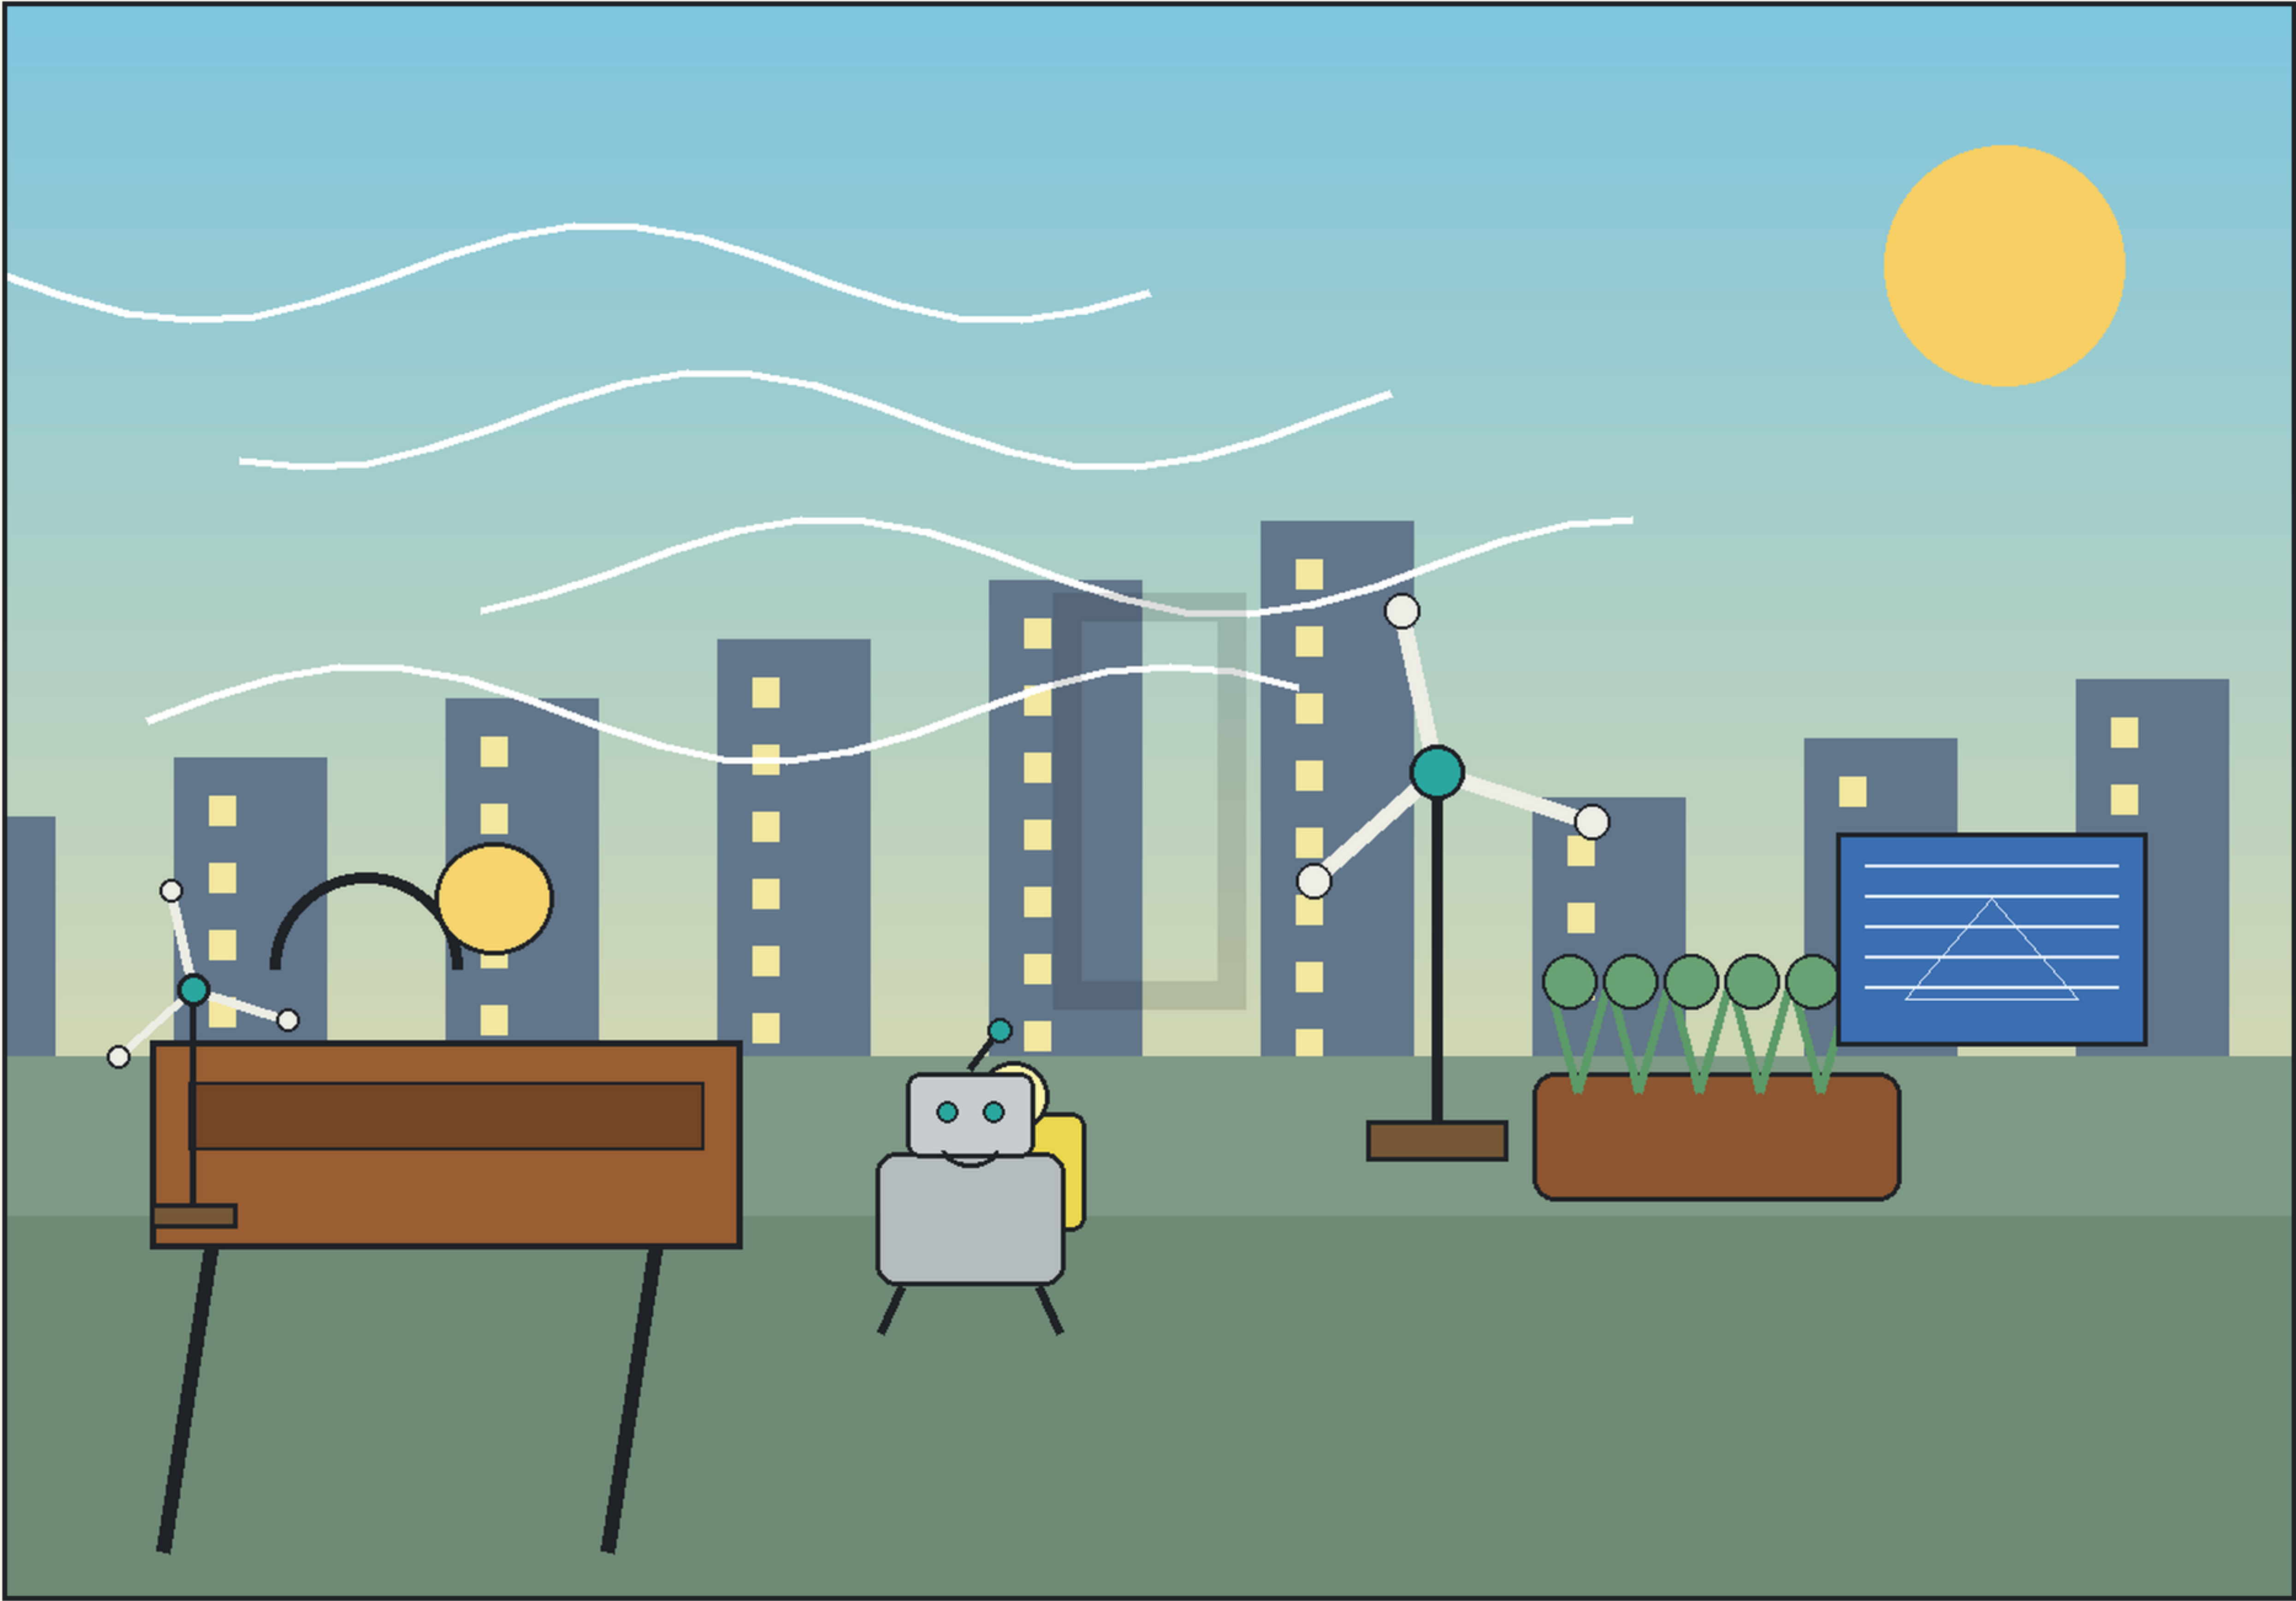

Zoya discovers a rooftop wind garden whose tiny turbine has stopped helping the lights. Scene slice: High above the city, Zoya found the roof garden still and dim.

Camera

establishing shot for the page beat; base camera: low child-height establishing shot from behind the planters, making the tiny turbine feel important against the skyline

Story Slice

Pico blinked beside the quiet fan and whispered, whirr?

Assets

pico_bot, wind_turbine, roof_planters, solar_battery

Visual Beat

Zoya discovers a rooftop wind garden whose tiny turbine has stopped helping the lights. Scene slice: Pico blinked beside the quiet fan and whispered, whirr?

Camera

closer action/detail shot between opener and outcome; base camera: low child-height establishing shot from behind the planters, making the tiny turbine feel important against the skyline

Page 2 | Scene 1 | Engineer Ara Listens - Engineer Ara knelt down low

Story Slice

Engineer Ara knelt down low

Assets

engineer_ara, wind_turbine, wind_meter, red_satchel

Visual Beat

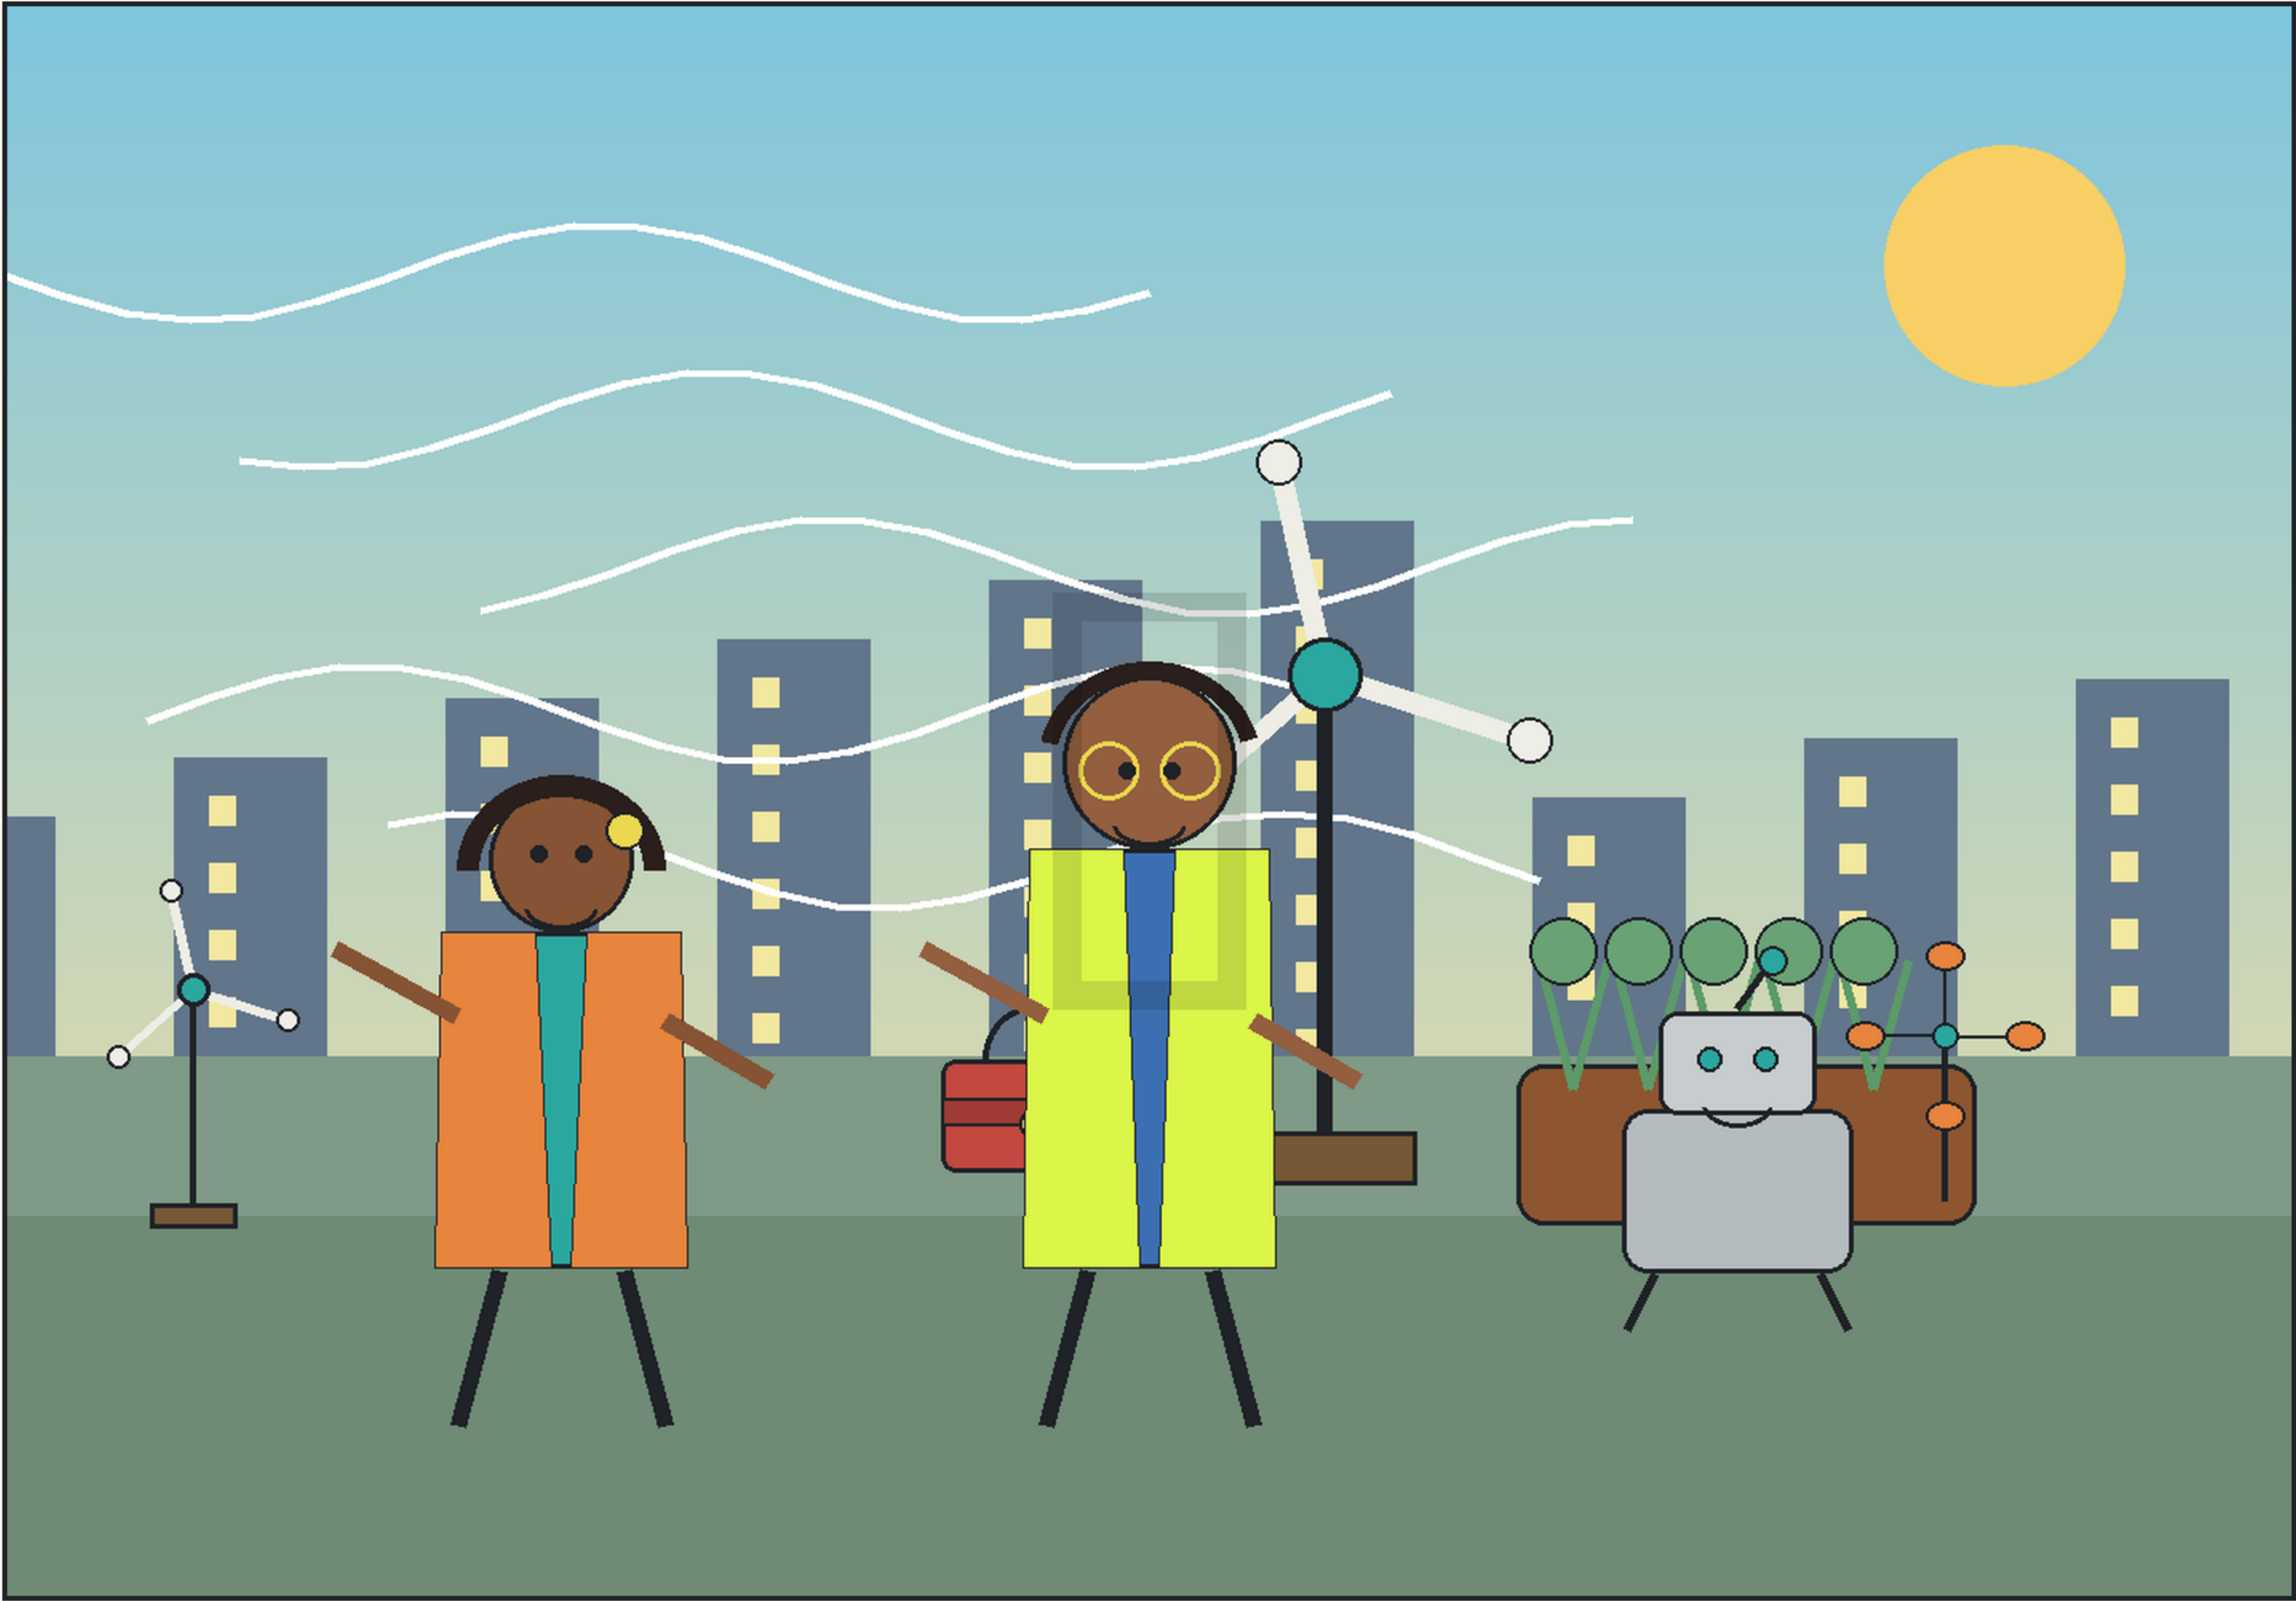

Ara frames the engineering problem: measure what cannot be seen. Scene slice: Engineer Ara knelt down low

Camera

establishing shot for the page beat; base camera: gentle two-shot at kid eye level with Ara kneeling, Pico between them, and the turbine in the background

Story Slice

The orange cups went tik-tik-tik, then spun a faster ring.

Assets

zoya_kid, engineer_ara, pico_bot, wind_meter, star_blueprint, red_satchel

Visual Beat

Zoya learns to measure wind speed before guessing at a fix. Scene slice: The orange cups went tik-tik-tik, then spun a faster ring.

Camera

object-focused establishing insert; top-down or macro detail; base camera: overhead object-focused shot of the anemometer, Zoya's notes, Ara's guiding finger, and Pico's glowing eyes

Story Slice

Down in the workshop, gears went click and paper softly snapped.

Assets

zoya_kid, engineer_ara, star_blueprint, workbench, red_satchel

Visual Beat

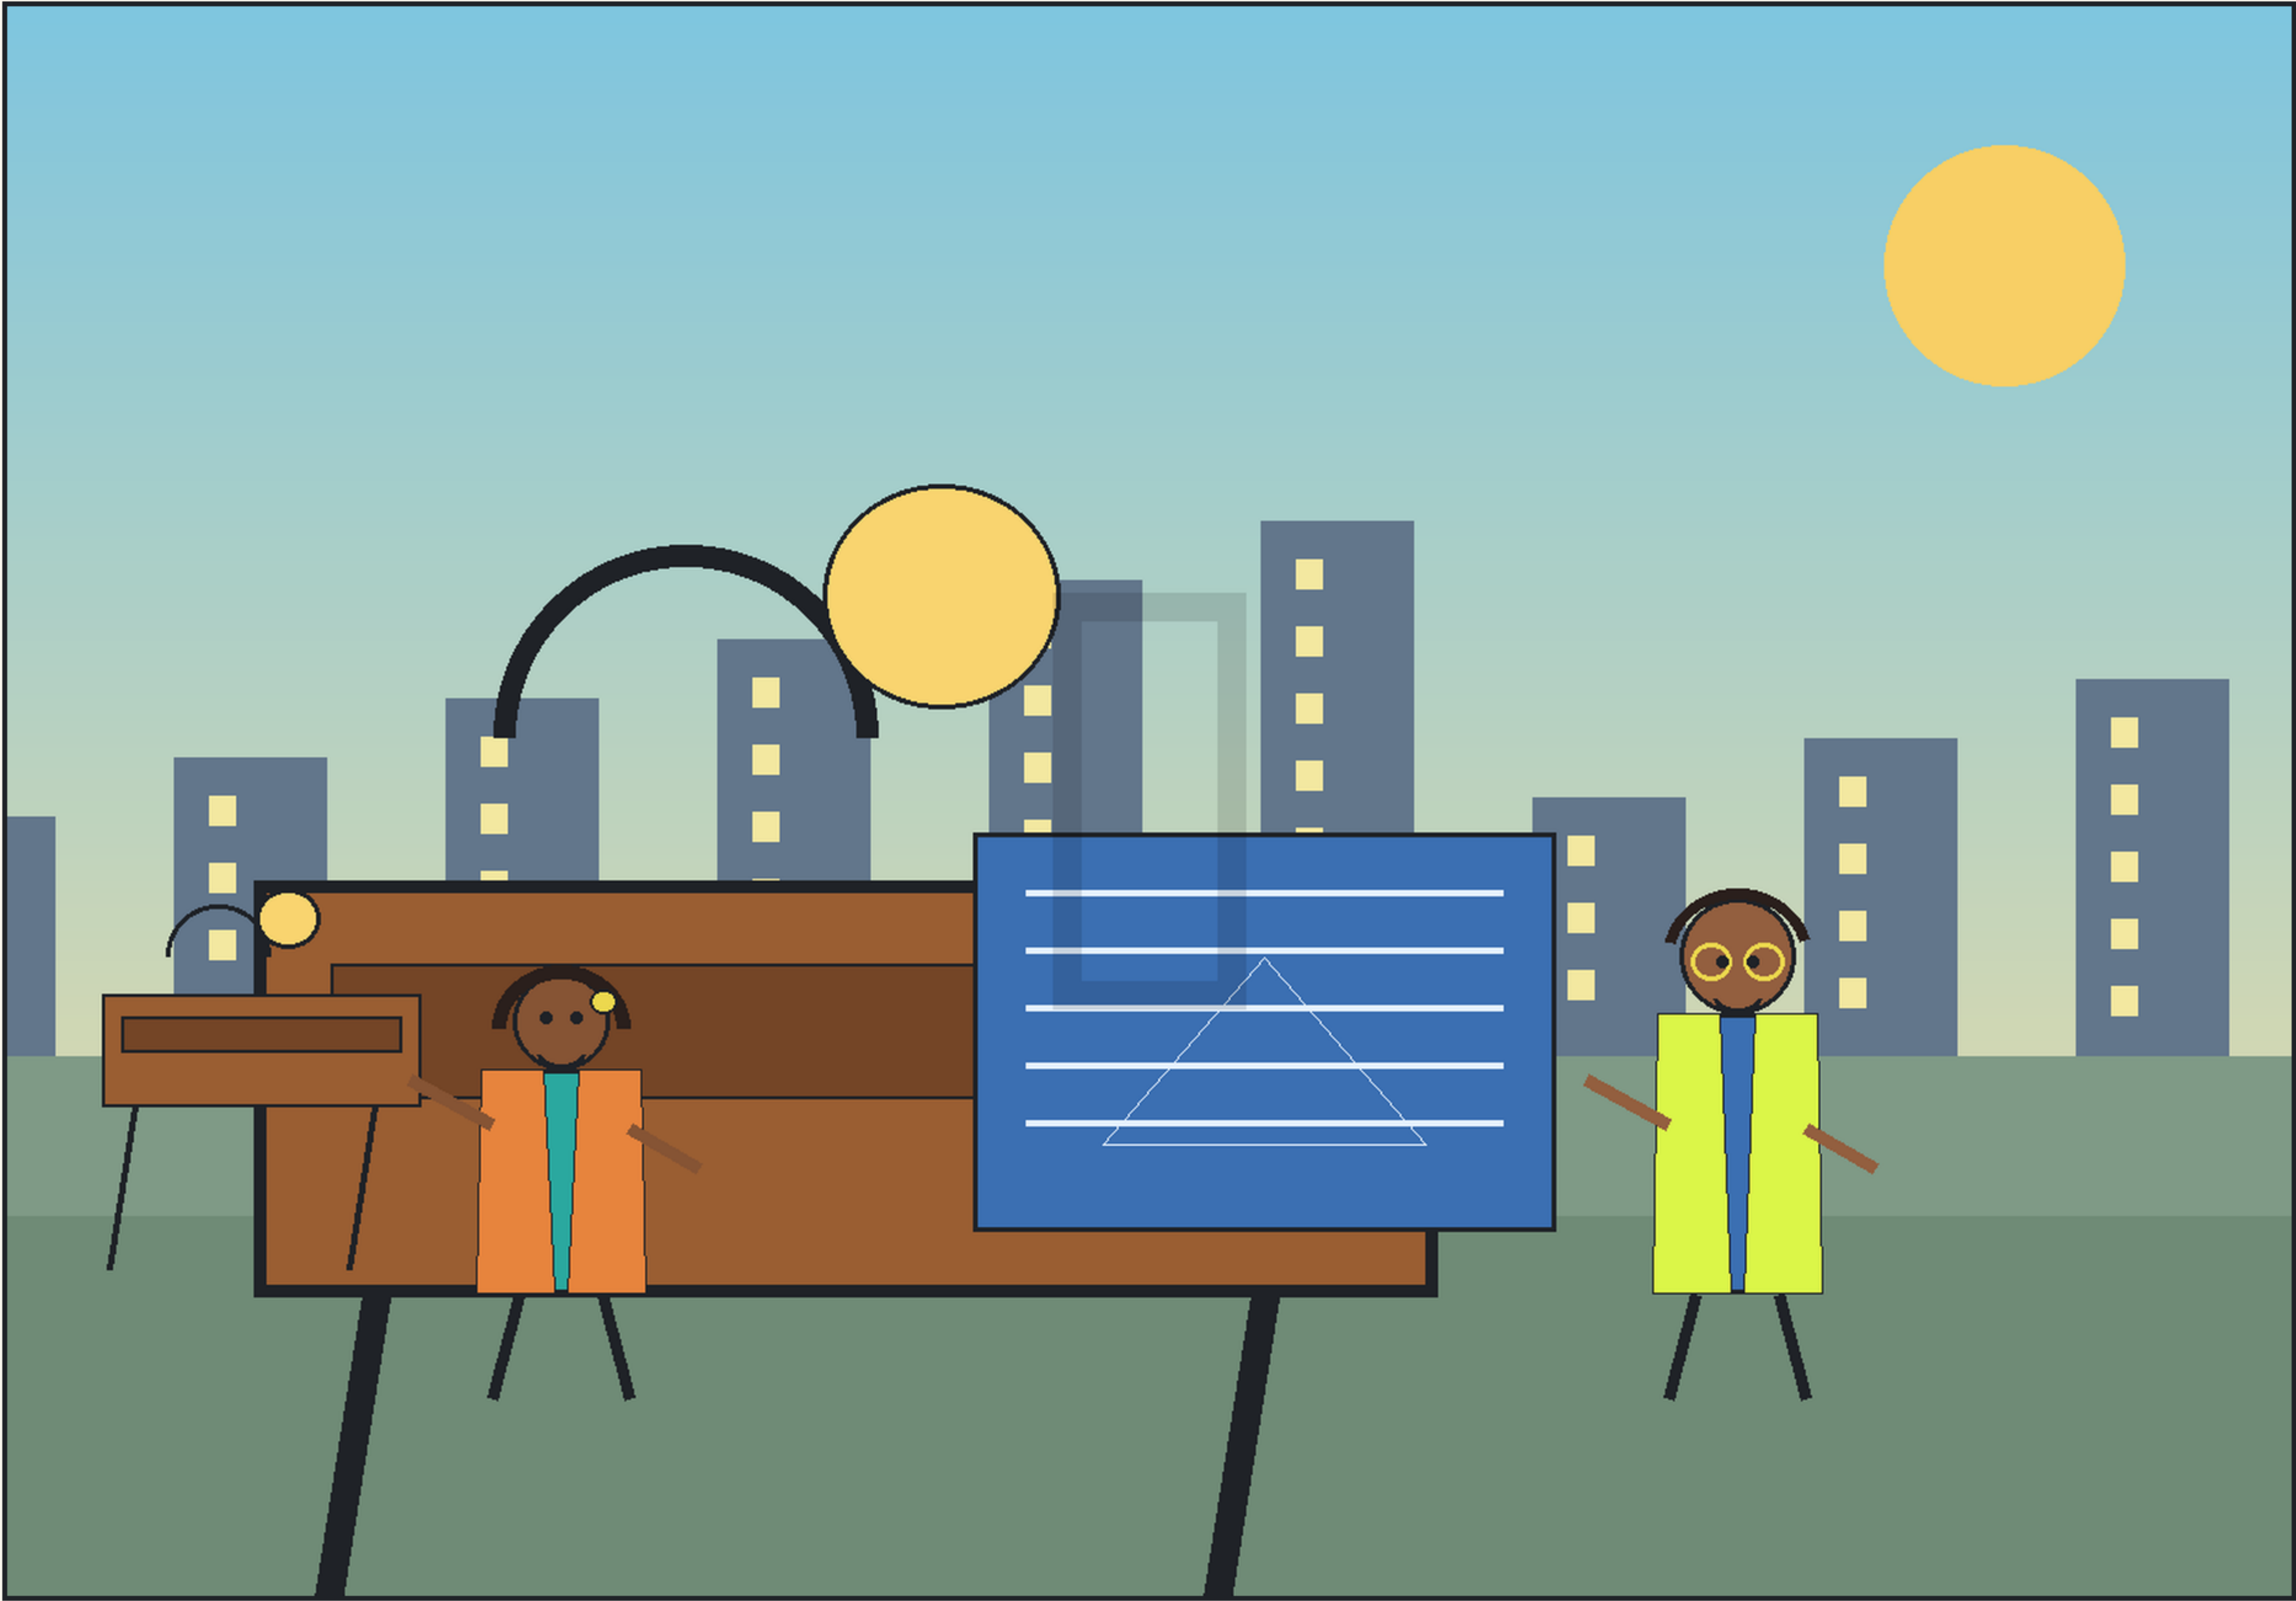

The problem moves into planning: Zoya and Ara design a stronger turbine brace. Scene slice: Down in the workshop, gears went click and paper softly snapped.

Camera

object-focused establishing insert; top-down or macro detail; base camera: macro workbench view through the triangle drawn on the blueprint, with the window and tool wall as fixed background anchors

Story Slice

Ara smiled and tapped the page

Assets

engineer_ara, workbench

Visual Beat

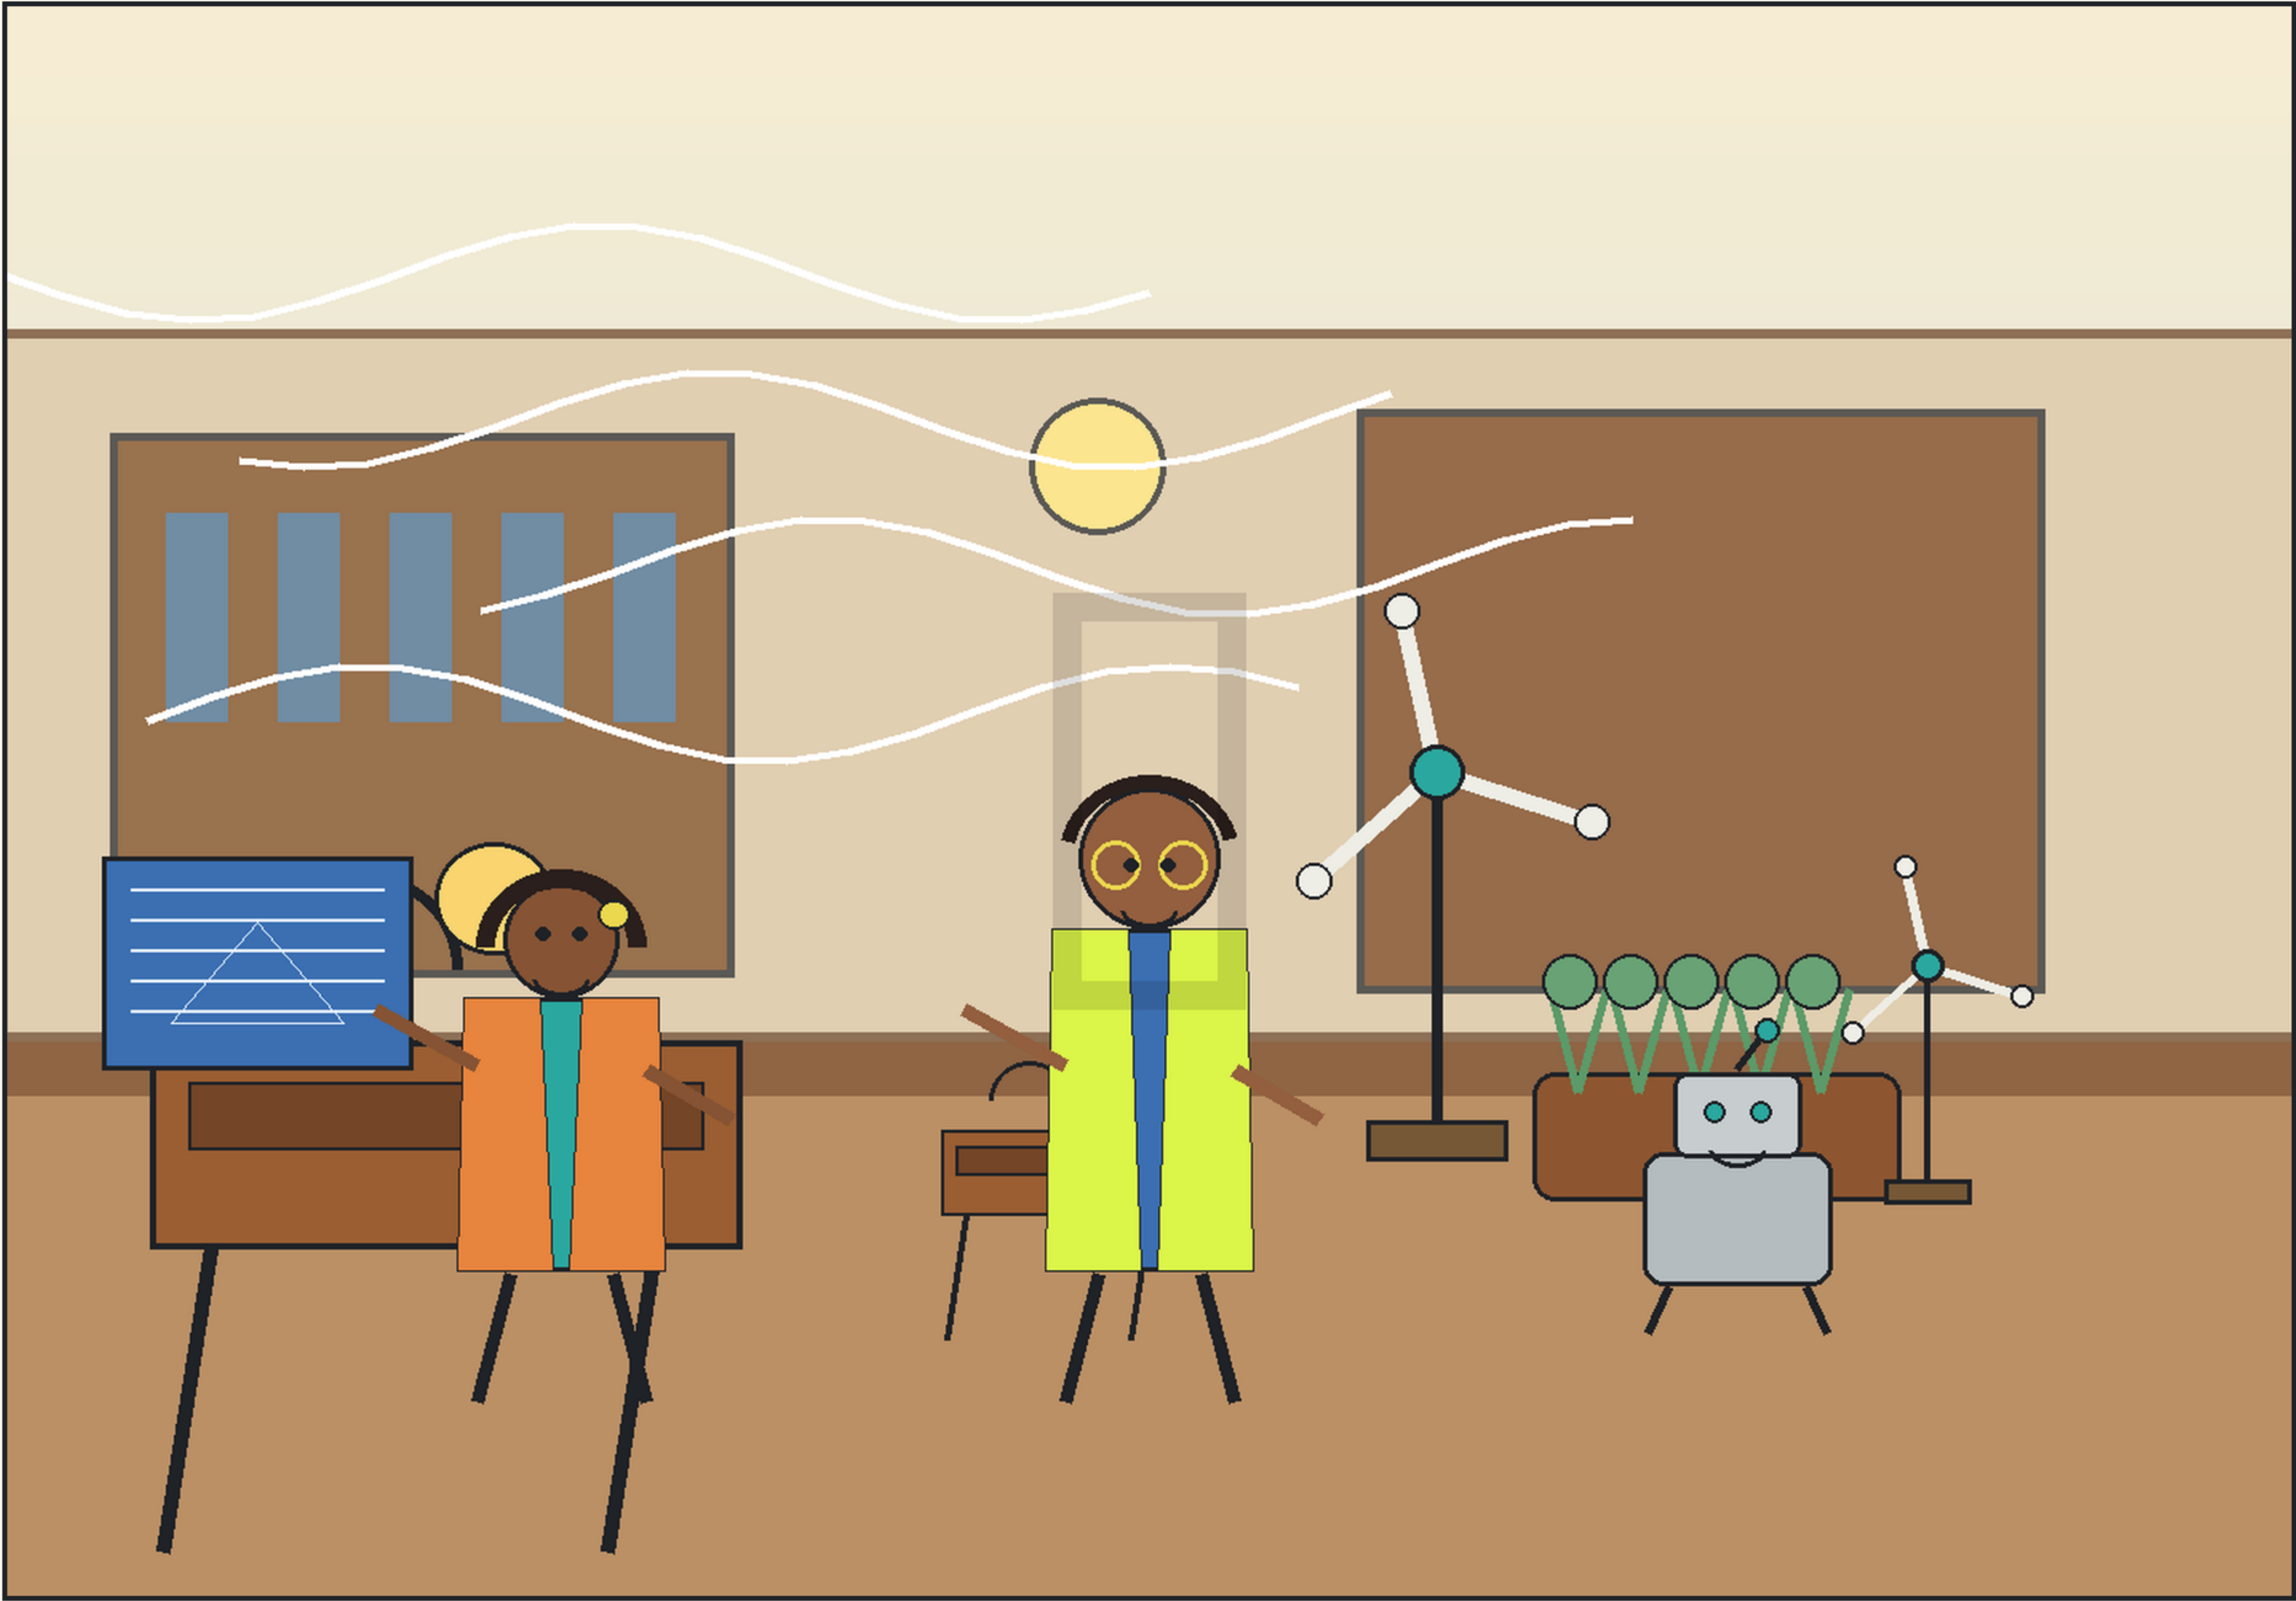

Ara explains triangular bracing; Zoya rebuilds the turbine support. Scene slice: Ara smiled and tapped the page

Camera

establishing shot for the page beat; base camera: dramatic close-up looking through the triangular brace with Zoya's focused eye behind it

Story Slice

Back on the roof, the wind blew hush, then whoosh around the bend.

Assets

zoya_kid, engineer_ara, pico_bot, wind_turbine, wind_meter, roof_planters

Visual Beat

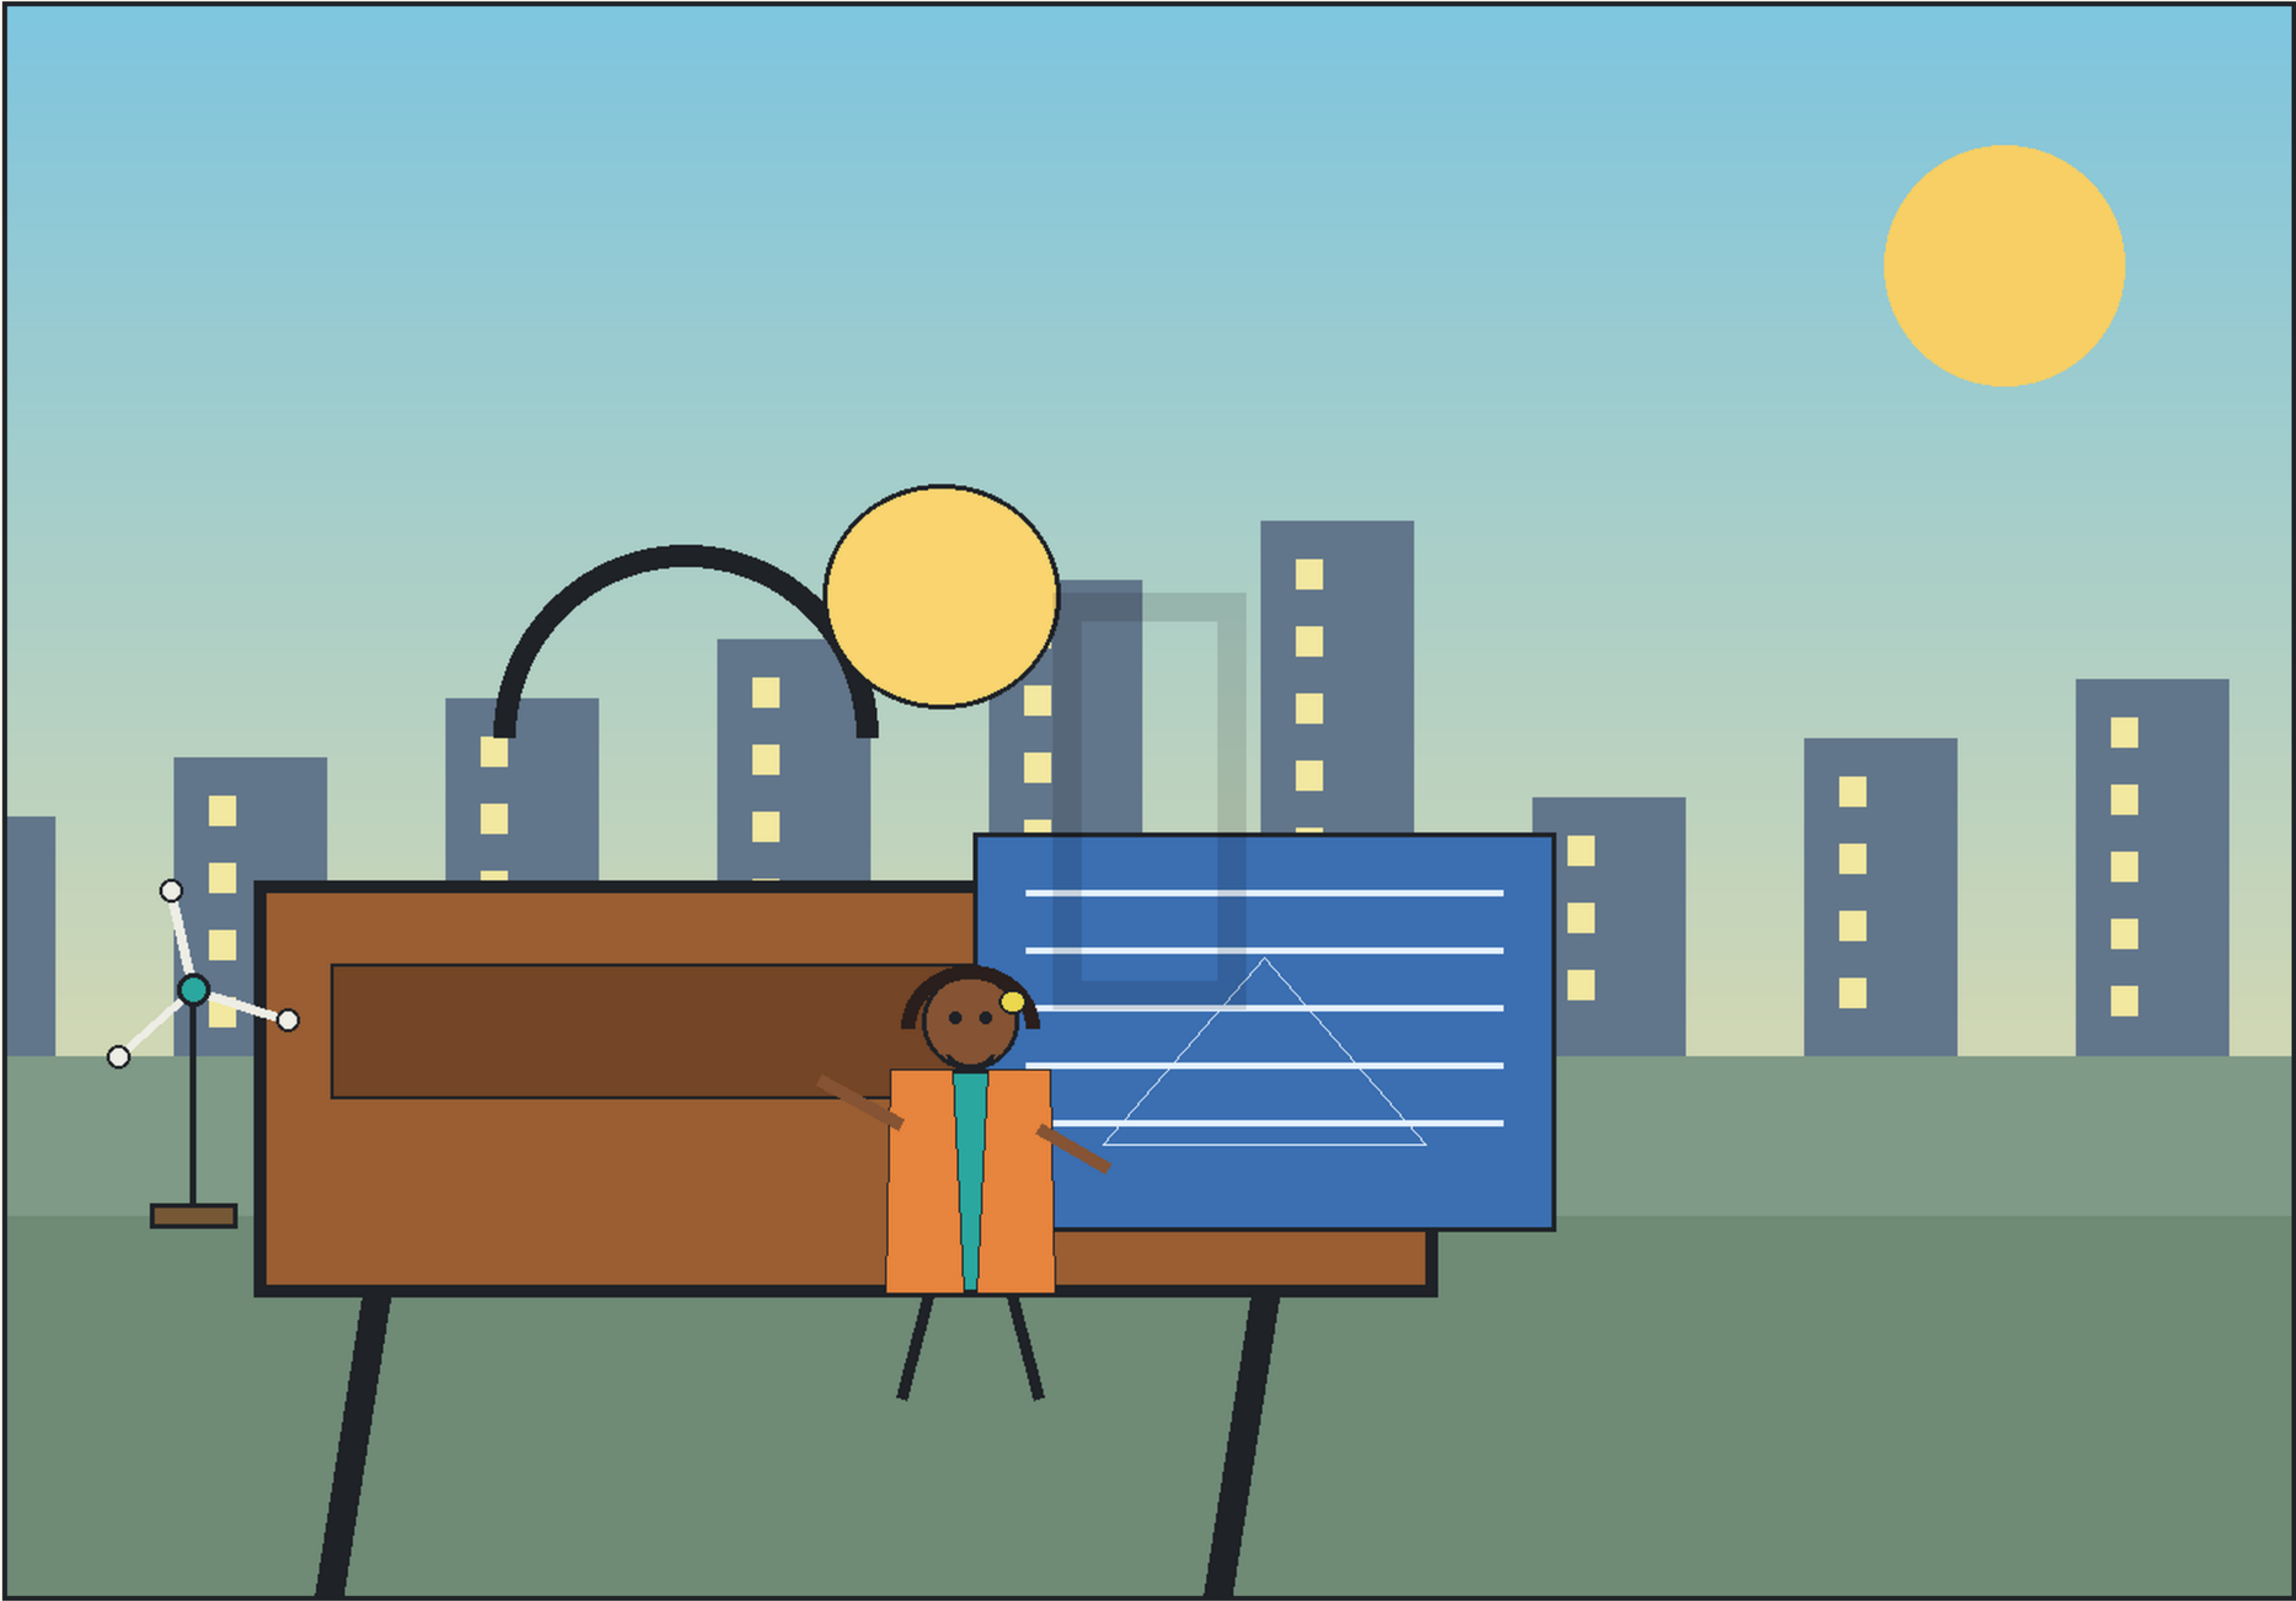

The rebuilt turbine is tested in the real environment. Scene slice: Back on the roof, the wind blew hush, then whoosh around the bend.

Camera

establishing shot for the page beat; base camera: wide diagonal rooftop view with S-curve wind path from skyline to turbine to Zoya's face

Scene 18: p007_s02

Page 7 | Scene 2 | The Rooftop Test - Zoya turned the turbine gently

Story Slice

Zoya turned the turbine gently and watched the cups ascend.

Story Slice

A gust came WHOOSH across the rail; the little tower bent.

Assets

zoya_kid, engineer_ara, pico_bot, wind_turbine, wind_meter, red_satchel, solar_battery

Visual Beat

A stronger gust creates a tense but safe final test. Scene slice: A gust came WHOOSH across the rail; the little tower bent.
